Price: \$ 13,000.00
Reference Number: RF174553

Additional information

Description: 1965 Harley Davidson
FLH Panhead Electra
Glide (first year electric
start, last year of the
Panhead). This bike has
had one owner since it left
the lot in 1965. Owned by
a local machinist and well
maintained. This bike
lived the last 35 years in a
nice shop. You can see in
the pictures she cleaned
up nicely. I rebuilt the
brake master cylinder and
the wheel cylinder. I
flushed the brake lines
and replaced brake fluid.
Had the generator rebuilt
and put a new regulator

on it. I also cleaned the gas tanks and carburetor. All fluids have been changed. All lights work. Speedometer is the original and working. Since I've been working on the bike I've put 160 miles on it. It had a 38mm Mikuni carburetor made by Jerry Branch put on it back in the day. I still have the original carburetor, air cleaner, throttle cable, grip, etc
