Additional information

Description: 2019 Harley-Davidson® Fat Bob® 107,
The Fat Bob® is all Harley-Davidson, but at the same time, it's unlike any Harley® motorcycle that ever existed before. From the modern, aggressive look of its 2-1-2 upswept exhaust and tarmac-devouring fat tyres to the massive torque of the Milwaukee-Eight® engine to the ride of the Softail® frame. Inverted front forks and easily adjustable rear suspension, it's built to

shake up the status quo.

This is for the rider that wants to break new ground at a high rate of speed.
